Meet a West-Mont Alum

Introducing Jackson Gilman

History with West-Mont to Philadelphia Union Academy 04:

Jackson was registered for Intramural soccer at 3 years old in an attempt to keep him from American football. He played a couple of seasons of PV Rec soccer until, at the recommendation of another family, we moved to West-Mont Intramural. He was asked to participate in what used to be called W-M Pre-Academy. From there he played on the U9 DDP and has played in the travel league for the past 4 years. He has always said "Yes!" to any and every soccer opportunity possible. Last summer he attended camp at YSC where he was identified by the Union Juniors coach. Jackson was asked to play on the Union Pre-Academy and from there he was chosen for Academy.

Why you (your parents) chose West-Mont:

West-Mont Land Development Plan (LDP)

Survey Says!! Results are in from surveying the membership, you spoke and the club listened...

West-Mont is taking the initial steps to have our land development plan (LDP) re-worked. What does this mean? It is the 1st phase of researching the possibility of 2 full size artificial turf fields, a separate restroom facility and grading some of our current fields. Our complex is currently regarded as one of the top facilities in the area, with the proposed plan we would have some of the finest playing surfaces for our teams.

Stay tuned for more details concerning this exciting project!!!

Any other information that our membership would like to hear about you or the club:

My motivation for coaching is to be someone who makes a positive impression on a player. To see them have fun and learn to love the game as I do is one of the most rewarding things I could ask for. One thing I realized, especially now that I am older, is the impact a coach could have on a player. So this is what drives me to continue coaching and to pursue more knowledge of this game.
